

Thank You for your love and support for the [Heart of The Believer](#). Your partnership has been so awesome to me and I would never have been able to broadcast the Faith Message without you.

As you may know, I am no longer on KLTT in Denver. After 5 ½ years, we had to shut it down. I promised my listeners that I would never beg for money, and we never did. We are still on [The Kingdom Keys Radio Network](#), in Texas, Oklahoma, and New Mexico, as well as [www.WOFR.org](#), Podcasts, and the website, [www.bryanlee.org](#). The miracles God did to get us on KLTT, and to keep us on KLTT, will be told around the campfires of God for a long, long time. The radio time on KLTT was just too expensive for the level of response that we received. I did all that I believe The Lord told us to do, but part of my assignment included regular monthly partners doing their part, and after 5 years we only had 2 regular monthly partners on KLTT. With these changes, I felt it wise to let my partners know about the direction of the ministry. *We will be re-directing our KLTT Seed toward our New Church Building. We are believing for a new home for the Family of Faith in 2017.* Obviously, we are very excited about this. The Lord has already shown us a number of assertive steps we must take to make the church more significant and powerful, with an enduring growth pattern for many years to come. I hope you will join us in this mission...

This journey has changed me. As I look back to December 2010, when The Lord told me to go on KLTT in Denver, I was driving a propane truck in the Rocky Mountains, you know the story...it seems like a long time ago... Today Cindy and I are more mature as Christians, and I believe more effective than ever as ministers. Though my heart will always go out to my KLTT listeners who don't hear us anymore, I know that there never was a substitute for face-to-face ministry. The radio broadcast was never intended to be a substitute for membership in a local church- it's only a supplement.

Since we pioneered the [Family of Faith Int'l Church](#) in November 2014, I have come to realize a couple of very important things:

1. That membership in a local church is the only safe place for the Christian, and
2. Lack of commitment to the local church is perhaps the #1 problem in the Body of Christ today.

Many of us have struggled with church membership. There have been disappointments, church splits, even heresies, I suppose, **but none of these are good reasons for walking away from**

church membership completely. I realize that it may seem hard or even impossible to find a church where “we fit in,” a church that truly preaches, teaches, and lives by Faith, but they are out there. **Hey we’re here ☺** ...Cindy and I believe that The Family of Faith is a God ordained, significant, End-Time church, and come to think of it, why would you attend anywhere else? Truth is, we believe that God will move people across the country to be connected to their Place in the Body of Christ. Like [Brother Keith Moore](#) says, “in your Place, in your Grace...” It’s tough being out of place, nothing works right, family, finance, feelings...it can even cost a person their soul. Find your Place in The Body today, won’t you? If it’s not at The Family of Faith, I’ll help you any way I can to find where you fit in.
